

# **CUPE Delegates Support National Gun Registry**

Source: VOCM

Date: May 5, 2010

Delegates to CUPE's provincial convention in Corner Brook have come down in favor of a resolution supporting the National Gun Registry. The resolution calls on the union to lobby the federal government to oppose Bill C-391, which would repeal the registry. CUPE president Wayne Lucas says the registry is essential in reducing domestic violence, and is a tool used by police across Canada every day when dealing with cases of violence within the home.
